17. **ST THOMAS' CHURCH** - In the garden of rest at St Thomas' Church

NOTE: The map overleaf has some buildings and features in sepia which indicate the features no longer exist

RYDE HERITAGE AUDIO TRAIL has been produced as part of **LIVING LINKS**, a Heritage Lottery funded project to help local communities celebrate their stories.

www3.hants.gov.uk/achives/living-links.htm

The project has been supported by the Hampshire Archives Trust and the Isle of Wight Record Office.

THE TRAIL will take about two hours to complete. The audio instructions will take you through all the stops from 1 to 17. You can also devise your own route by referring to the map and selecting the stops you want.

MOBILITY — the whole trail is accessible to wheelchair and mobility scooter users, there are dropped kerbs at all the suggested road crossings.

RYDE HERITAGE AUDIO TRAIL was devised and written by members of **RYDE SOCIAL HERITAGE GROUP**. This is a voluntary community group established to research, document and share information about the history of Ryde, Isle of Wight, including the development of the town, the people, their lives, businesses and entertainments. www.rshg.org.uk

Production of the audio files was undertaken by **ATS HERITAGE** a professional company with a wealth of experience interpreting heritage and producing audio tours. www.ats-heritage.co.uk

THE MAP was drawn by Island artist Alan Rowe. www.potting-shed-cartoons.co.uk
